

Partner Program 2021

What is SDCA?

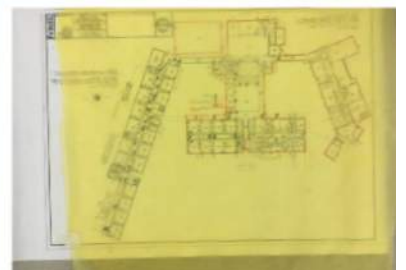

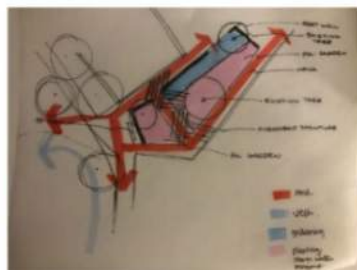

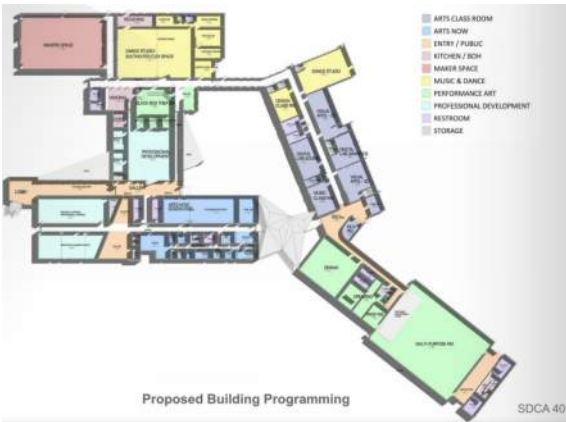

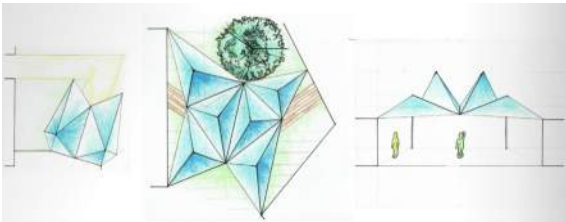

We are a volunteer driven organization with our members representing eight diverse building community organizations. Each member is a sustainable-minded professional. We are connected by our desire to provide professional design services to the 99% of the human race that does not normally have the opportunity to fund these types of services. We began in 2010 and complete one pro-bono project each year. Each of our organizations are represented at the annual Red and Green Scene Holiday Fundraising event. Currently, this event provides all of our funding. We are not currently a 501(c)(3) nonprofit, but plan on applying for nonprofit status in the coming year.

Become an SDCA Partner

SDCA is asking for support from companies and individuals which share our values for enhancing the built environment for our community.

In addition to supporting our cause, SDCA Partners will receive recognition and market visibility through our design process, communications, and deliverables.

Please consider our Partner benefits and do not hesitate to reach out to us with any questions.
